MEMORANDUM FOR: Chief, Operations Division, OSA-DD/R

SUBJECT : AP22S-2 Full Pressure Suit Evaluation
in U-2 Aircraft

1. Attached for your information is an evaluation of the new AP22S-2 Full Pressure Suit conducted by the Air Force Flight Test Center, Edwards AFB, California. Further testing is to be accomplished to provide evaluation for all possible flight profiles in the U-2 after modifications are made to extend the oxygen endurance of the suit.

2. Please advise if you have any further interest in the development of this suit and its possible use in the IDEALIST Program. You may retain the attached evaluation for your file.
